

Environmental Policy

Kerman Contracting Pty Ltd. (Kerman) is committed to sustainable environmental practices by ensuring our work activities do not negatively impact on the environment. We consider that effective environmental controls are an integral component of a well-managed construction project.

To fulfil this commitment, we shall:

- Have a clearly outlined framework for setting our Environmental objectives.
- Comply with relevant environmental legislation, industry standards and Client requirements.
- Prevent pollution of the environment by minimising noise, dust, air emissions and hydrocarbon or chemical spills.
- Promote effective waste management, waste reduction and recycling programs on all sites.
- Facilitate ongoing continual improvement of our environmental management system to enhance our environmental performance.

Chris Kerman
Managing Director
