

Quality Policy

Kerman Contracting Pty Ltd (Kerman) delivers quality design and construction outcomes in the Mining, Industrial and Infrastructure sectors. We are committed to achieving client satisfaction on our projects through the provision of high quality products and services.

To fulfil this commitment, we shall:

- Identify and adhere to statutory and regulatory requirements, throughout our projects.
- Understand the needs and expectations of all interested parties and provide products and services that consistently meet or exceed the requirements of all interested parties.
- Provide a framework for setting quality objectives.
- Continually seek to improve the effectiveness of Kerman's Management Systems in compliance to the ISO 9001 standard.
- Ensure all our subcontractors and other relevant parties working for or on behalf of us comply with our Kerman Management Systems.

Chris Kerman
Managing Director
